COMMUNITY CHURCH

all in good time

Begin

We've already begun to make a mess on our church campus — but it's a good kind of mess. By the **end of 2010** we look forward to the completion and benefits of this project.

We're beginning with a lot of earthwork — about **85 percent of our 17 acres** will be excavated or graded.

All that digging will result in easier access to our church campus via **three new entrances**. It will also improve local **traffic flow and pedestrian safety** with a traffic light installed on Colima Road.

We will more than **double our paved parking spaces** from 385 to 793 for attenders and guests.

Underground **utility systems** will be installed now in anticipation of our new Worship Center — that way we don't have to tear up our parking when future construction happens. We'll also create a **spacious plaza** to connect our Multi-Purpose Building to the new Worship Center.

Water-conscious and environment-friendly landscaping will feature **300 native California trees**, plus shrubs and other plantings. We have removed 240 old trees, many of them eucalyptus, whose natural oil and debris create a serious fire hazard.

Extensive **retaining walls** will encircle the campus to hold it all together and to present an **inviting appearance** to our neighborhood.

*Now may the God of peace make you holy in every way,
and may your whole spirit and soul and body
be kept blameless until our Lord Jesus Christ comes again.*

God will make this happen, for He who calls you is faithful. 1 Thessalonians 5:23-24

right on **time**

We've wondered for the past few years why **God was dragging his heels** — or so it seemed to us.

Maybe it's so we could learn patience and **save \$1.3 million** by waiting to do this campus project. The market is in our favor. Give thanks for God's perfect timing.

To seize this moment, we've secured a **construction loan of \$4 million** to supplement contributions received from 2004 to 2007. The borrowed funds give us time to raise equivalent funds while the work is happening.

As we begin, **please pray**. In the big picture, this is about preparing Whittier Area Community Church for future **generations of ministry**, close to home and around the world.

Consider how **God is providing** for you in these times, and ask Him to stir up a spirit of joyful giving in our church. We're in this together, and ...
